What happens?

Thousands of international students come to study English in Cambridge during the summers. 'Cambridge International Outreach' (CIO) works in partnership with local churches to meet these visitors and then take the opportunities God gives us to bring the good news of Jesus.

On a team you would:

- Enjoy fellowship within an international team of around 20; learn from the Bible together and receive training in cross-cultural friendship and evangelism.
- Run our evening international café, meet visitors from all around the world, spend afternoons developing friendship and making new contacts.
- Share the gospel with visitors through conversations, Bible studies and church services.
- For more information, see our website.

From previous team members....

'Evangelism: I always thought it wasn't for me but now I realise how important it is for me. God gave me some people with whom I could share what I believe.'

'I've been encouraged to pray big, because I've seen God answer our prayers here on CIO.'

Is it for me?

The main requirements are a genuine Christian faith and a willingness to learn and serve (it's not a holiday!) For each team we are also looking for some individuals particularly gifted in: catering for large groups, Bible study leading, mending bikes, music and teaching English to fill special roles.

Where would I stay?

Bed and Breakfast accommodation is provided free by local Christians.

Which team?

Most team members stay for one team, but we value continuity over the summer and offer a discount if you can stay for more than one team.

When is it?

Team 1
14th- 28th July

Team 2
28th July - 11th August

Team 3
11th - 25th August

Costs

Each team costs £150, £175 for two teams. Returning team get a £50 discount. *

- CIO is run by Friends International in conjunction with local Christians and churches in Cambridge and in partnership with IFES.
- The outreach is a busy two weeks and can be tiring; we serve in God's strength, but we do ask that team members are aged 18 - 40. Ability to ride a bike would be helpful. Fluent spoken English is necessary.

*Please don't let financial difficulties stop you from applying and get in touch if you would like to discuss this.
